

Papyrologica Israelica

Papyrology in Israel: A Bibliography*

I.F. Fikhman

Despite the author's efforts, this is not a complete bibliography, especially regarding works published in Hebrew. Some works of "Semitic papyrology", in which Israeli scholars have specialized, have been included, in light of the close ties between this branch and traditional Greek and Latin papyrology. Many works on Graeco-Roman and Byzantine Egypt as well as on adjacent provinces were also included. On papyrology in Israel, see I.F. Fikhman, "La papyrologie et les collections des papyrus en Israël", *Proceedings of the 20th International Congress of Papyrologists, Copenhagen, 23-29 August 1992* (forthcoming). The papers published in Hebrew are marked with one asterisk (*), and those in Russian are marked with two asterisks (**). Abbreviations follow the conventions of *L'année philologique* and the *Checklist of Editions of Greek and Latin Papyri, Ostraca and Tablets*. Those appearing in neither of these reference works are listed at the end.
